

NAVALOCK PTR308

YOUR SECTOR: Transport, logistics, luxury, cosmetics, electronics

TECHNICAL CHARACTERISTICS:

Physical strength:

Verticale tensile strength:

2070 Kgs, +/- 17 kgs

Horizontal tensile strength:

2700 Kgs, +/- 22kgs

Compatibility with fridge trailers.

Material: Stainless steel, compliant to
AISI-304 European norm.

Pump lock for 7-point tubular key.

Anti-drill system.

Single key available on demand.

The key can only be removed when locked.

Dimensions:

Minimum entraxe: 200 mm

Maximum entraxe: 280 mm,
10mm between each holes.

Maxi diameter of the bars: 30 mm

Customization on special request.
